

Login.gov

Starting with the 6.10 eVoucher release, attorneys and experts are required to use Login.gov to securely sign in to the eVoucher application. Login.gov provides a simple, secure, and private way to access government websites such as eVoucher. Using one account email address and password, you can securely sign in to participating government websites and verify your identity. To access your eVoucher account, you must have a Single Login Profile (SLP) and create or sign in to an existing Login.gov account.

Note: Login.gov is a separate application from eVoucher. If you run into any issues, you **must** contact Login.gov support via their Help center page at <https://www.login.gov/contact> or call their 24-hour help line at (844) 875-6446.

Step 2

On the Login.gov page, click **Create an account**, and then follow the prompts to begin creating your account.

A screenshot of the Login.gov homepage. At the top, there are logos for LOGIN.GOV and eVoucher. Below the logos, there is a graphic showing a person's profile, a red shield with a white exclamation mark, and a blue shield with a white checkmark. The text reads: "eVoucher is using Login.gov to allow you to sign in to your account safely and securely." Below this text are two buttons: "Sign in" and "Create an account". The "Create an account" button is highlighted with a red rectangular box. Below the buttons, there is a section titled "Sign in for existing users" with input fields for "Email address" and "Password".**Step 3**

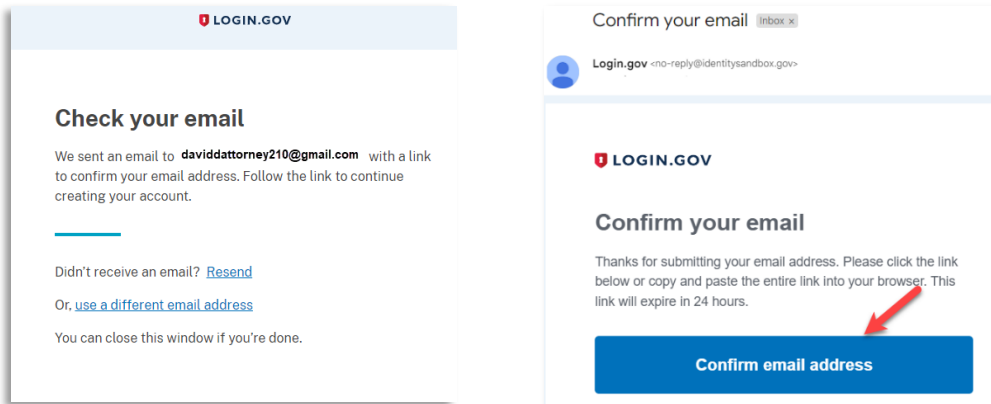

Enter your email address, and select your email language preference. Click the **Rules of Use** link, read the Login.gov Rules of Use, and then select the **I read and accept the Login.gov Rules of Use** check box. Then click **Submit**.

Note: Login.gov recommends that you enter a personal email address that you can always access, not a work email address.

A screenshot of the "Create an account for new users" form on Login.gov. At the top, there is a security notice: "For your security, we clear what you entered if you don't move to a new page within 15 minutes." Below this are two buttons: "Sign in" and "Create an account". The "Create an account" button is highlighted with a red rectangular box. Below the buttons, the section is titled "Create an account for new users". It asks to "Enter your email address" and shows the email "davidattorney210gmail.com" in a text box, which is highlighted with a red rectangular box. Below the email field, it asks to "Select your email language preference" and lists three options: "English (default)", "Español", and "Français". The "English (default)" option is selected with a radio button, and a red arrow points to it. Below the language selection, there is a checkbox labeled "I read and accept the Login.gov Rules of Use" with a link to the "Rules of Use". This checkbox is checked and highlighted with a red rectangular box. At the bottom, there is a "Submit" button, which is also highlighted with a red rectangular box and a red arrow points to it.

Step 4

You will receive an email message at the email address you entered in step 3. In the email message, click **Confirm email address**, and then continue creating your account.

**Step 5**

Next, create a password. It must contain 12 or more characters and cannot include commonly used words or phrases. In the **Password** and **Confirm password** fields, enter and confirm your password, and then click **Continue**.

The image shows a screenshot of the 'Create a strong password' page. At the top, a green banner says 'You have confirmed your email address'. Below it, the heading 'Create a strong password' is followed by instructions: 'Your password must be 12 characters or longer. Don't use common phrases or repeated characters, like abc or 111.' There are two input fields: 'Password' and 'Confirm password', both containing masked characters (dots). A red rectangular box highlights these two fields. Below the fields is a checkbox labeled 'Show password' which is currently unchecked. At the bottom is a blue button labeled 'Continue'.

Your Login.gov account is now created.

Note: Once your Login.gov setup is complete, you will ONLY use the email address you entered and the password you created in Login.gov to access eVoucher, so it is important to remember them. You are now directed to add an authentication method. For more information on how to do this, view the Adding an Authentication Method job aid.
